

MUNICIPALITÉ DE  
**LAC-TREMBLANT-NORD**

---

**SURVEY - Consultation on forestry activities (Laurentians and Lac-Tremblant-Nord)**

Hello to all,

The Ministère des Ressources naturelles et des Forêts (MRNF) is launching a public consultation to learn the population's opinion on the integrated operational forest management plans (PAFIO) for the Laurentian public territory.

The consultation period focuses on forest management activities that could be carried out in or near several MRCs, including the MRC des Laurentides.

**To this end, the current consultation covers potential forest management work at a site in Labelle (Chantier Hermione), as well as the potential construction of a forestry road in Lac-Tremblant-Nord (Chantier Lacroix).**

**Citizen Survey**

As stated in Lac-Tremblant-Nord's urbanism plan, the environmental impacts of logging on public land are among the main issues arising from the analysis of the municipality's territory.

Given the importance the municipality places on protecting our natural environment and given that we are always interested in hearing the comments and concerns of our citizens on issues that affect our community, **the municipality has prepared a short survey on the potential implementation of a forestry road in Lac-Tremblant-Nord (Chantier Lacroix) and the potential forest management work at a site located in Labelle (Chantier Hermione).**

- **The survey, accessible at the following link, will be available until Monday, June 5, at noon :**  
<https://forms.gle/ShFrFGF7yDNmp5TH6>
- The comments received, which will remain anonymous, will be compiled and added to the memoir that the municipality will submit to the ministry concerning the work planned for the Lacroix and Hermione sites;
- Information on the sites in question and maps showing their location are included in the survey;
- In addition to the survey, citizens who wish to send their comments directly to the ministry can do so by consulting the following link: <https://www.quebec.ca/agriculture-environnement-et-ressources-naturelles/forets/planification-forestiere/plans-regionaux-consultations/laurentides/pafio-mai-juin-2023>

*It is important to note that you have until June 6, 2023, at 11:59 PM to send your comments directly to the ministry.*

If you have any questions regarding the survey, please contact the municipality by phone (819-425-8154) or by email ([info@lac-tremblant-nord.qc.ca](mailto:info@lac-tremblant-nord.qc.ca)).

Thank you for your collaboration!
