

# Word from the Mayor

## December 2025

Dear citizens,

I wanted to take a few moments to write to all of you on behalf of the municipal council to share some updates and recognize the contributions of our community, our partners, and our municipal team.

**First and foremost, I would like to thank everyone who took part in municipal activities over the past year.**

The **nature outing on the Cachée River** on August 23 is a great example. Your enthusiastic participation, your collaboration in lending your boats, and the support of PLTN and its team for logistics contributed to the successful outcome of this activity, which took place in a friendly atmosphere that was respectful of the natural environment.

**Environment Day, the Regatta, and the BBQ** were once again a great success this year, demonstrating once more our community's commitment to community life in Lac-Tremblant-Nord.

*Cachée river*

I would also like to acknowledge the commitment of **Mrs. France Gagnon, recipient of the 2025 Volunteer of the Year Award in Lac-Tremblant-Nord**. For several years, France has been generously and rigorously involved in the Lac-Tremblant-Nord protected area project, volunteering her time to contribute to the discussions, planning, and advancement of this essential initiative for the protection of our natural heritage. Her dedication and vision have left a mark on our community, and we are deeply grateful to her.

In the same spirit, Council and I would like to **thank each and every one of you for the trust you placed in us during the municipal elections** on November 2. Being re-elected for a new term is a privilege that we welcome with gratitude, and we will continue our work with diligence, transparency, and attentiveness in the service of our community.

I also want to **recognize the work accomplished by our administrative team** over the past year. Our team is there, day after day, to ensure that municipal operations run smoothly, and Marie-Lise, Stephanie, Josée, Sophie, and Nicolas stand out for their availability, reliability, and attention to municipal issues. Their work is central to Council's actions and the services offered to our community. I would like to express my gratitude to all of them for their hard work throughout the year.

On a more regional level, I am pleased to announce that I was recently **re-elected as Deputy Prefect of the MRC des Laurentides**.

This vote of confidence will allow me to continue my involvement alongside the prefect and other elected officials, particularly on important issues related to the environment, social development, and urban planning, while ensuring consistent and constructive representation of Lac-Tremblant-Nord at the regional level.

On the administrative front, I also wish to inform citizens that the **municipal budget will be presented and adopted next January**, and that all the necessary information will be provided to everyone after the holidays.

Last but not least, I am proud to highlight an important recognition we recently received in the field of conservation.

Our municipality **won a Conservation Award** in the municipality/MRC 2025 category for our **Lac-Tremblant-Nord Natural Heritage Conservation Trust**, a social utility trust that ensures the perpetual protection of our municipal lots and our exceptional natural environments.

The project was presented and recognized at the **Rendez-vous de la conservation 2025**, organized by Éco-corridors laurentiens, a unifying event that highlights regional and local initiatives that contribute to the resilience of the Laurentians region.

During this event, the **municipality also received the *Eco-Committed Municipality* certification** from Éco-corridors laurentiens's *Eco-Connected Municipality* program, highlighting our unwavering commitment to conservation and ecological connectivity in our territory.

In closing, I want to thank everyone for your dedication to our municipality and your participation in our community. **On behalf of Council, I wish all of you a wonderful holiday season and a happy 2026!**

I look forward to seeing everyone again in the coming year!

***Kim Meyer and your Council***
